

## LETTER OF RECOMMENDATION

To whom it may concern

The Steering Group of the Priority Area 4 "To restore and maintain the quality of waters", made up of representatives from the Danube Region countries (nominated by their governments), has pre-examined the project

***Developing and upgrading the joint Hungarian-Ukrainian hydrographic telemetering system to improve water quality monitoring in the Upper-Tisza River Basin***

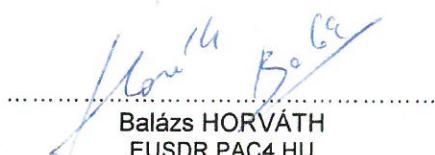

in written procedure in February 2020.

The conclusion is:

The project "Developing and upgrading the joint Hungarian-Ukrainian hydrographic telemetering system to improve water quality monitoring in the Upper-Tisza River Basin" contributes to achieve the targets and goals of the relevant actions in Priority Area 4 of the EU Strategy for the Danube Region.

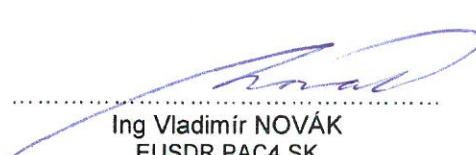

Hence, the Steering Group - representing the Danube countries - invites the relevant funding sources to consider providing adequate financial support to the project.
