

### Youth Vision for a Water-Smart Alpine Region ( EUSALP YOUTH COUNCIL PERSPECTIVE)

- Goal: transform society toward **climate neutrality**
- Protect lakes & glaciers as critical water resources
- Warning: seasonal water shortages as glaciers disappear within ~80 years
- Youth Council commitment → collaboration with Action Groups & Alpine Convention
- **Recommendations:**
  - Education & awareness
  - Youth participation in decision-making
  - Support for community-led initiatives

# Initiatives within the EUSALP Youth P

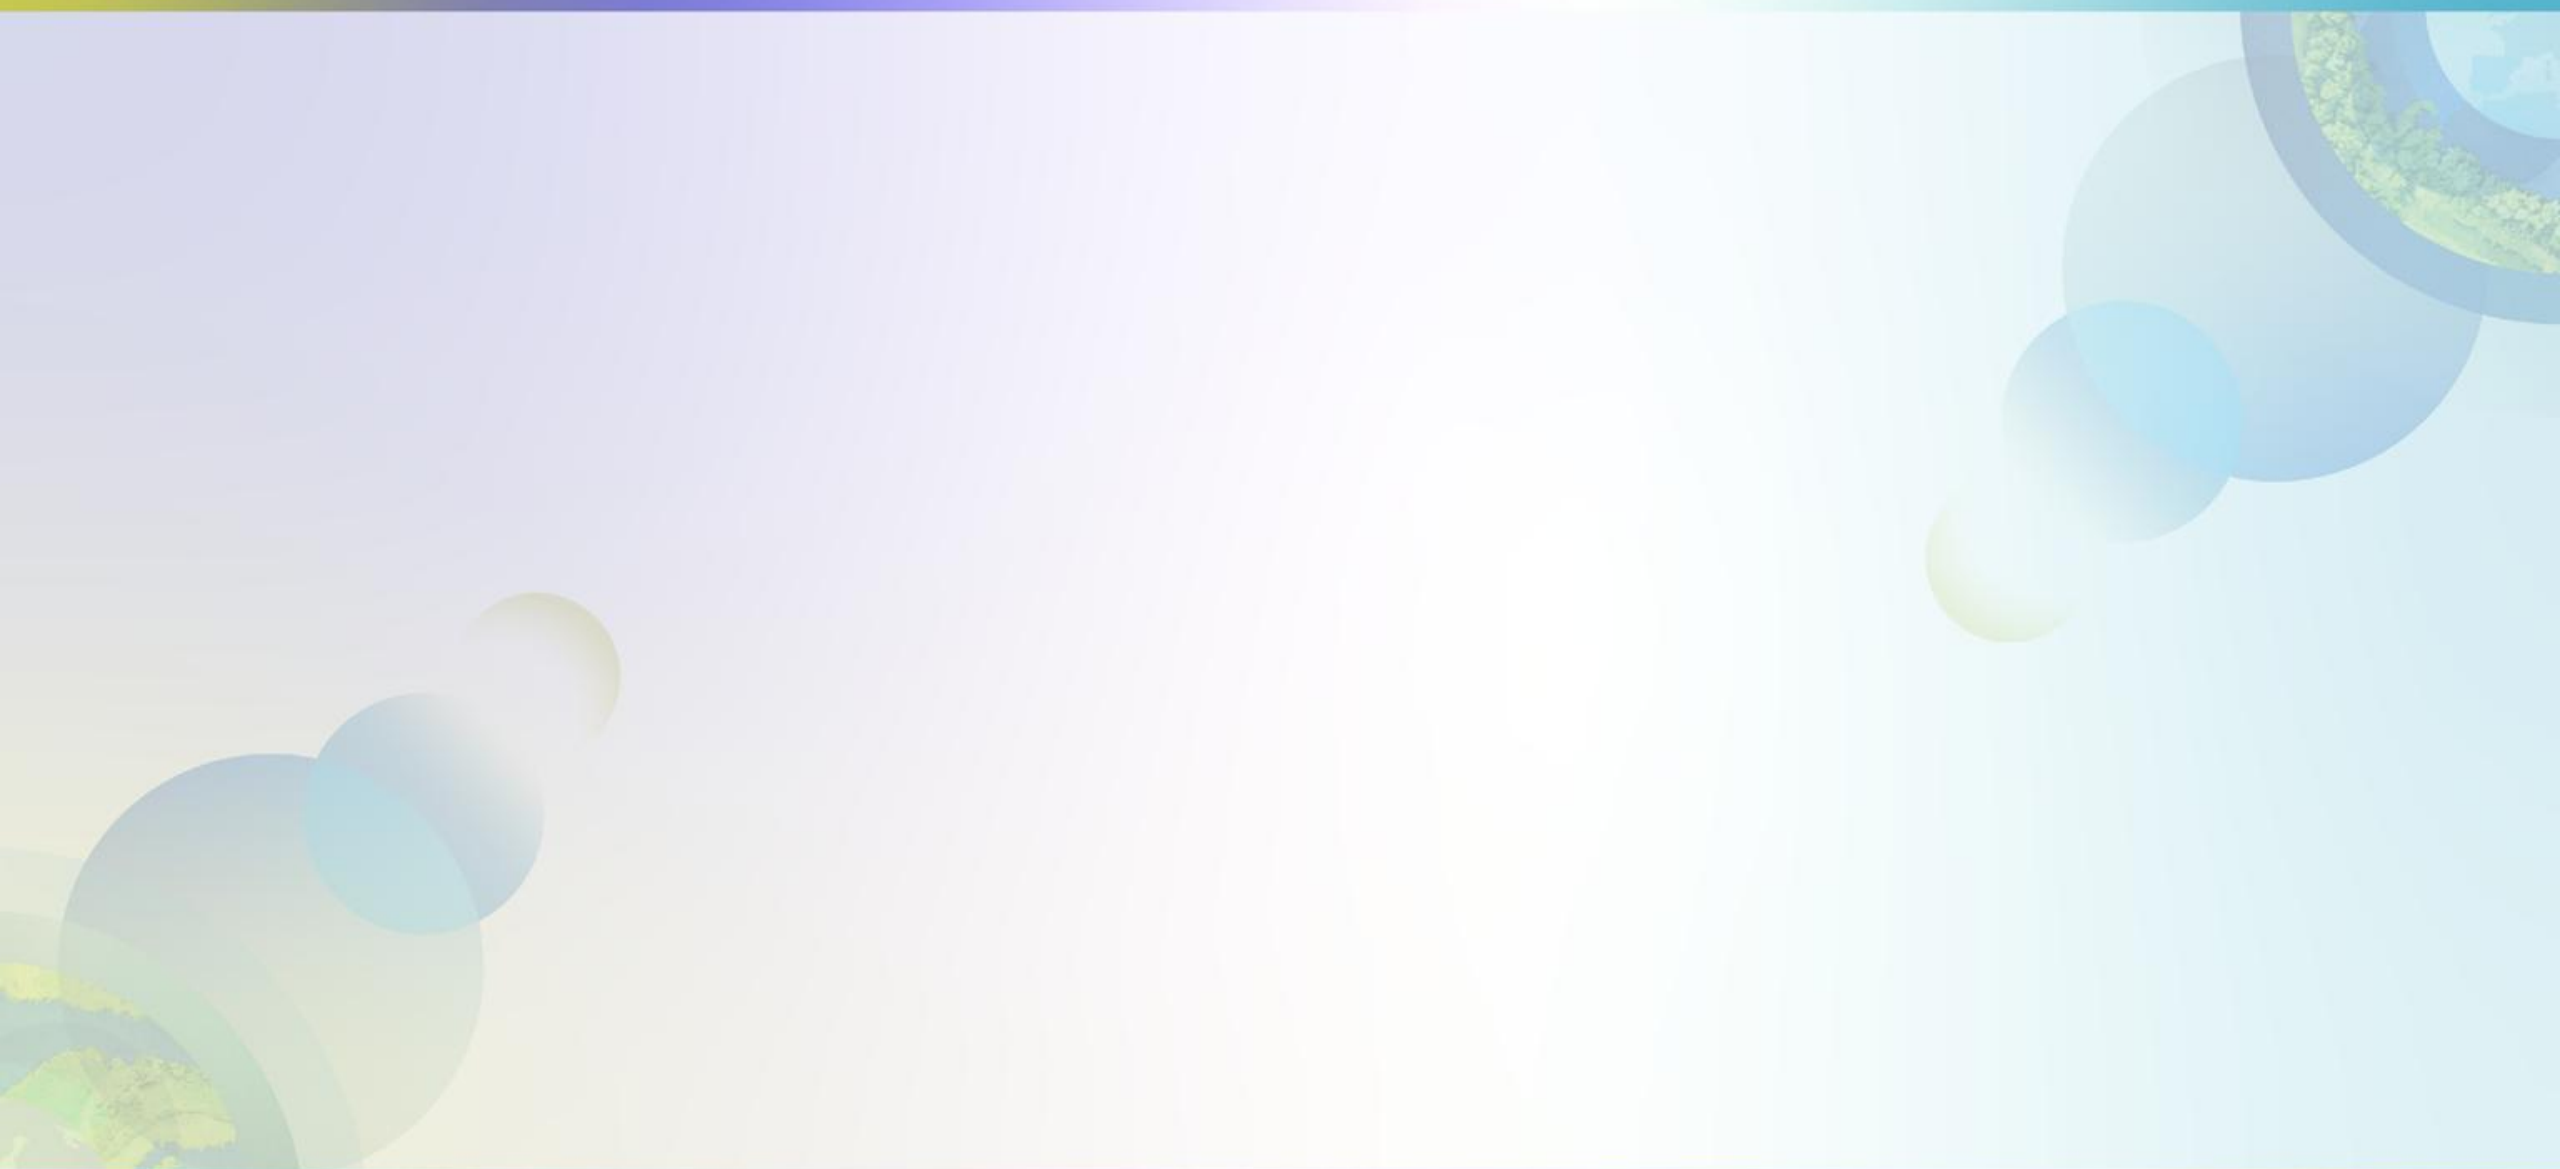

- **Elda Youth Project (Winner)**
- Data collection & analysis → new vision of snow cover & environment
- Supports ski resorts & municipalities in digitalization & modernization
- **Objective:** cut water & electricity use in ski areas by **20%** through optimized snow production
- Contribution to sustainable resource management & climate adaptatio
